

ANNOUNCEMENT

REVISE SURVEY FEE MSQH HOSPITAL ACCREDITATION PROGRAMME

Please be informed that the MSQH Committee has approved an increase in the MSQH **hospital** accreditation survey fee, which will take effect on **18th March 2022**. The fee revision takes into account the continuous improvement and complexity of hospitals, clinical and other services, healthcare standards, survey management and processes, the rising operational costs, investments in IT infrastructure, and the acquisition of office space property to ensure the society's long-term viability for the benefit of its members.

Hospitals who have made a pre-payment of their survey fee and their survey is carried out after 18th March 2022, will not be charged under the new fees. **For further details, kindly download the new fee schedule.**

Thank you.

Yours sincerely,
Prof Dato' Dr Hj Abdul Rahim Bin Abdullah
