

# The **IMPACTS** Quality Improvement Practitioner Programme

 5 – 6 May 2026

 08:30 – 16:30

 VE Hotel, Kuala Lumpur

## Course Overview

IMPACTS Applied Quality Improvement Programme is a two-day, hands-on workshop that equips healthcare professionals and leaders with practical skills to design and implement evidence-based improvement initiatives using the IMPACTS framework, aligned with the IHI Model for Improvement. Participants work on a real workplace project, develop a Quality Improvement Project Charter through guided application, and complete a three-month post-workshop assessment with a storyboard to ensure measurable and sustainable outcomes.

## Learning Objectives

By the end of the programme, participants will be able to:

- Apply the IMPACTS framework to address real healthcare improvement challenges.
- Define improvement aims and select meaningful measures based on evidence and best practices.
- Design, test, and refine change ideas using PDSA cycles while addressing human factors and sustainability.
- Demonstrate applied improvement capability through structured documentation and post-workshop assessment

## Target Audience

- Quality, Safety & Risk Professionals
- Heads of Service and Clinical Leads
- Middle Managers (Clinical and Non-Clinical)
- Accreditation, Governance, and Compliance Leads
