SERVICE STANDARD 09A: CLINICAL SERVICES - MEDICAL RELATED SERVICES

PREAMBLE

Medical Services play an integral role in delivering appropriate care and reducing unwarranted adverse events, as they meet the care people expect to be offered or receive, regardless of where they are treated in the Facility.

The Medical Services shall be organised, directed and coordinated with other services in the Facility to provide a high standard of inpatient and outpatient care to the community and cover the following:

- a) appropriateness of clinical care;
- b) unwarranted variation in care that is not explained by the clinical circumstances or personal choices of the medical practitioners in:
- i) overuse of treatments or procedures that do not help patients get better;
- ii) underuse of care;
- iii) misuse (or errors) of doing something incorrectly and harming patients.

In addition to the above, the Medical Services also conduct teaching and training, research and audit activities where applicable.

TOPIC TOPIC 9A.1 ORGANISATION AND MANAGEMENT

STANDARD STANDARD 9A.1.1

The Medical Services shall be organised, directed and coordinated with other services in the Facility to provide a high standard of inpatient and outpatient care to the community in a safe, efficient, effective, evidence based and caring manner and with due regard for the needs, dignity and privacy of patients and confidentiality of their personal information. The Medical Services shall be easily accessible and continuity of care assured.
